

# Course Problems...Cheating

---

- What is cheating?
  - Studying together in groups is encouraged.
  - Turned-in work must be completely your own.
  - Common examples of cheating: running out of time on a assignment and then pick up output, take homework from box and copy, person asks to borrow solution “just to take a look”, copying an exam question, ...
  - You’re not allowed to work on homework/projects/exams with anyone (other than ask Qs walking out of lecture)
  - Both “giver” and “receiver” are equally culpable
- Cheating points: **negative points for that assignment / project / exam** (e.g., if it’s worth 10 pts, you get -10) **In most cases, F in the course.**
- Every offense will be referred to the Office of Student Judicial Affairs.
