College of Engineering
Department of Electrical Engineering and Computer Science

EECS 150
Fall 2005

R. H. Katz, Instructor

Quiz #6: Fun and Feedback!
Wednesday, 19 October 2005

1. Define the following terms and rank order them from the WORST to the (relative) BEST. Use the ordering 1 for best, 2 for next best, etc. "Best" is defined as the least bad thing to be, if you had to be one of these.

Technical Term of Derision	Rank (1 is Best)	Definition
Spaz	5	one who is considered clumsy or inept—all the problems of the dork combined with physical clumsiness!
Geek	2	one who is passionate about some particular area or subject, often an obscure or difficult one—often extremely smart about an irrelevant topic, like the characters and plot of the Lord of the Rings
Dweeb	3	person regarded as socially inept or foolish, often on account of being overly studious—at least such a person has an excuse, which makes them one step above the dork
Nerd	1	one who is passionate about learning/being smart/academia—i.e., the vast majority of EECS students!
Dork	4	one who has difficulty with common social expectations/interactions—and is usually not too bright either.

Your Class: __fr __so __jr __sr __grad Your Major: _____

Likely technical concentration within major: _____

1. I visit the class website:

___daily ___ every two days ___ more than every two days

2. I check the class newsgroup:

___daily ___ every two days ___ more than every two days

3. I go to discussion

___weekly ___sometimes ___never

4. What is the best thing about the course lectures?

The worst thing?

5. What is the best thing about the course lab and lab lectures?

The worst thing?

6. What is the best thing about discussion?

The worst thing?

7. What is the best thing about the class website?

The worst thing?

8. Do you have any comments about the homework, quizzes, and the midterm?
