

61A Lecture 36

Announcements

Life After CS 61A

- Lab assisting!
 - The best way to give back to the computer science community
 - Anyone who passes the course can be a lab assistant
 - Develop greater mastery of course concepts
 - Learn to describe technical concepts; Great preparation for technical interviews
 - The first step to joining the course staff as a tutor or teaching assistant
- Data Science 8 – The Foundations of Data Science (<http://databears.berkeley.edu/sp16>)
 - Cross-listed as CS C8, Stat C8, & Info C8 in Spring 2016
 - John is the primary instructor, but expect guest lectures from great profs around campus
 - ~25% of the course is material you already know from 61A
 - Info session tomorrow @ 1pm in 190 Doe Library (Berkeley Institute for Data Science)
- CS 61B, taught in Spring 2016 by Professor Josh Hug

Programming Paradigms

Life

Thanks for being amazing!
